6	Description of Actions to Achieve Compliance	
7	Ship is on a regularly scheduled run between Tacoma, Anchorage, Kodiak and Dutch Harbor (every other trip). While returning to Tacoma from Kodiak, ship experienced major contaminated fuel problems resulting in sludge/gelling issues with LSFO purchased in Tacoma from Phillips 66. Lab reports indicate presence of polymers. Sludge/gelling issues threatened to shut down the propulsion plant. Company received ECA exemption from USCG COTP in Seattle due to concerns about safe navigation. Ship will be in Tacoma on the morning of 07 Feb. Company is actively exploring other LSFO sources in Tacoma through a fuel broker or proof from Phillips 66 that any new LSFO received does not have the same polymer issues. Ship is
